

# Basta

Louis Prima

Basta, basta, basta, basta  
Hey, enough is enough  
If you don't begin to stop  
I will have to call a cop  
Basta, basta, basta, basta  
Hey, you're getting too rough  
I can hardly catch a breath  
You are squeezing me to death

Do you have color blindness?  
Can't you see that the light is red?  
You're killing me with kindness  
Let go of the face, a-let go of the neck  
A-let go of the ears, a-let go of the head!

Basta, basta, basta, basta  
Hey, enough is enough  
Though I love your tender touch  
Won't you please release the clutch  
Basta, basta, basta, hey, enough is enough!  
Enough is too much

Basta, basta, basta, basta  
Hey, enough is enough  
If you don't commence to cease  
I will yell for the police!  
Basta, basta, basta, basta  
Hey, enough is enough  
When you're giving me the squeeze  
Won't you take it easy please

How long have you been training?  
You've got an iron grip  
Although I hate complainin'  
Let go of the arm, a-let go of the throat  
A-let go of the leg, a-let go of the hip!

Basta, basta, basta, basta  
Hey, you're gettin' too rough  
You're a pretty bit of fluff  
But it's tough to take the guff  
Basta, basta, basta, hey, enough is enough!  
Enough is too much

Basta, basta, basta, basta  
Hey, you're getting too rough  
I can hardly catch a breath  
You are squeezing me to death  
Do you have color blindness?  
Can't you see that the light is red?  
Let go of the face, a-let go of the neck  
A-let go of the ears, a-let go of the head!

Basta, basta, basta, basta  
Hey, enough is enough  
Though I love your tender touch  
Won't you please release the clutch

Basta, basta, basta, hey, enough is enough!  
Enough is too much
