

Gotta See Baby Tonight

Louis Prima

You gotta see baby tonight
It's gotta be baby tonight
You gotta see baby, or else baby
You can't see baby at all

You gotta kiss baby tonight
I must insist baby tonight
You gotta kiss baby, or miss baby
And baby that isn't all

Oh, if you hesitate you're gone
That's what the proverb said
You know baby, love goes on
Why don't you use your big head?

You gotta see baby tonight
Oh, can't you see baby I'm right
It's either me baby or else baby
You can't see baby at all
You can't see baby at all

You gotta see baby tonight
Don't you see baby I'm right
It's either me baby or else baby
You can't see baby at all

Oh, you can't see your baby
Not at all
