

# Don't Mind

Louis The Child

Don't mind  
Don't waste no time  
Don't make no lie  
Don't break no promises

It's coming, coming  
Don't stay inside your mind  
Just let your person shine  
The one that lives inside

Running, running  
Trying to get to brighter days  
You don't have to feel okay  
It's okay

Ooh  
No you don't have to try  
To try, to try to change it  
Ooh  
No you don't have to wear  
All these faces

Don't mind  
Don't waste no time  
Don't make no lie  
Don't break no promises  
Don't mind  
Don't waste no time  
Don't make no lie  
Don't break no promises

Don't mind, don't break no promises

Searching, searching  
For the keys to somewhere else  
For the keys to yourself  
Ain't no good for your health

Crying, crying  
Like you don't know love is free  
Like you don't know love is you  
Like you don't know love is me

Ooh  
No you don't have to try  
To try, to try to change it  
Ooh  
No you don't have to wear  
All these faces

Don't mind  
Don't waste no time  
Don't make no lie  
Don't break no promises  
Don't mind  
Don't waste no time  
Don't make no lie

Don't break no promises

Don't mind, don't break no promises

Lay la la lay la la

La la la lay lay

Lay la la lay la la

La la lay lay

Lay la la lay la la

La la la lay lay

Don't mind, don't break no promises
