

# Slowburn

Louise Hoffsten

I v been thinking about our last conversation  
How it toke me by surprise  
You were talking about what you were missing  
With that run-away-look in your eyes

You thought I d take it like a lady  
I m not as sweet as I was then  
I got a plan on my own baby  
Gonna make you want me again ...

I do a slowburn - Heating up ...  
Slowburn, nothings gonna cool me down  
Someday baby, when I get my turn  
I m gonna sit back and watch you do a  
Slowburn ... slowburn ...

Not a jury in the world would convict me  
For revenge an a heard that turned cold  
Well someday you ll be the victim  
In a story that s yet to be told

I gave you every inch of my body  
But Im saving something you wount forget  
I got my own evil ways baby  
You see it aint over yet ....

I do a slowburn - Heating up ...  
Slowburn, nothings gonna cool me down  
Someday baby, when I get my turn  
I m gonna sit back and watch you do a  
Slowburn ... slowburn ...

Oh, the tables will turn and you ll be the one  
On the receiving end  
All that you gave me ...  
I give it back to you baby, back to you  
Giving it back to you baby ...

You ll do a slowburn - Heating up ...  
Slowburn, nothings gonna cool you down  
Someday baby, when I get my turn  
I m gonna sit back and watch you do a  
Slowburn ... slowburn ...

Slowburn - Heating up ...  
Slowburn, nothings gonna cool you down  
Someday baby, when I get my turn  
I m gonna sit back and watch you do a  
Slowburn ... slowburn ... slowburn...  
slowburn ... slowburn ...
