

# Breaking Back Together

Louise

[Verse 1]

Lay your cards out on the table  
You don't have to be brave for me  
I've been on the side of painful  
And the fall, right before you're free

[Pre-Chorus]

Ooh, it'll get better  
Ooh

[Chorus]

I won't tell you lies  
It's gonna hurt sometimes  
Tearing our souls to make them strong  
Believe me I've been there  
And yeah, I know you're scared  
You can't see it now  
Hold on, we're breaking back together

[Verse 2]

All those memories waiting on you  
No escape, it's hard to breathe  
Diamonds only come from pressure  
In time, you're gonna shine, you'll see

[Pre-Chorus]

Ooh, it'll get better  
Ooh

[Chorus]

I won't tell you lies  
It's gonna hurt sometimes  
Tearing our souls to make them strong  
Believe me I've been there  
And yeah, I know you're scared  
You can't see it now  
Hold on, we're breaking back together  
Breaking back together

[Bridge]

Just when you think it never ends  
That's when you find yourself again  
Leaving behind the pieces that you're not

[Chorus]

I'm not tellin' lies  
Yes, it hurt sometimes  
Tearing our souls to make them strong  
Believe me I've been there  
Yes, I know you're scared  
You can't see it now  
Hold on, we're breaking back together  
We're breaking back together
