

# Hands on the Sink

Louise

[Verse 1]

Baby, I told you a thousand times that  
We can't progress any further right now  
Maybe, yeah, we're reaching the end of the world now  
Find a broken bottle lying on the floor  
Make me wanna pick it up and hurt you right now

[Pre-Chorus 1]

Won't promise that I'll knock on the door before I go

[Chorus]

You got both hands on the sink  
Can't you see that it's hard enough?  
Stop before I tear out the lights  
Leave you in the dark just like you're doing to me  
Yeah  
Don't you think?  
(Hey, hey)  
Aren't you making it hard enough?  
Stop before I tear out the lights

[Verse 2]

Please, can we go around?  
Please, can we go around?  
Please, can we go around one more time but without your liquor friend?  
Right now  
Back seat, pipe down  
Honey, I'm not listening

[Pre-Chorus 2]

Oh  
I promise that I'll knock on the door before I go

[Chorus]

You got both hands on the sink  
Can't you see that it's hard enough?  
Stop before I tear out the lights  
Leave you in the dark just like you're doing to me  
Yeah  
Don't you think?  
(Hey, hey)  
Aren't you making it hard enough?  
Stop before I tear out the lights

[Bridge]

Can we please end this game?  
I got no pieces left to play  
My mind's so sore  
It used to be beautiful  
So beautiful  
And oh, it's enough but I miss you so  
But [?] your eyes cut through  
To blue to blush  
Now I'm done with you

[Pre-Chorus]

Oh

I promise that I'll knock on the door before I go  
No

[Chorus]

You got both hands on the sink  
Can't you see that it's hard enough?  
Stop before I tear out the light  
And leave you in the dark just like you're doing to me  
Yeah  
Don't you think?  
Aren't you making it hard enough?  
Stop before I tear out the lights

[Outro]

No, no, no  
Can't you see that it's hard enough?
