

Lead Me On

Louise

[Verse 1]

Late at night, you're on my mind
Keep me up til the morning comes
Call me up when you feel like
Make me think I'm your number one

[Pre-Chorus]

You open up my eyes
And tell me lies
That I want to hear so badly
I believe you every time
And I can't help it

[Chorus]

Oh, I wanna know
What makes you feel like
You're allowed to treat me so unkindly
Is it just for show?
Why are you hiding all of your true feelings?
Why'd you lead me on?
'Cause I don't know what you're hiding from
Why'd you lead me on?
I don't do this for anyone
Why'd you lead me on?

[Verse 2]

Is this self-infliction?
'Cause you're so bad I can't help myself
You say it's too late for self control
It's too late for someone else

[Pre-Chorus]

Ooh, you open up my eyes
And tell me lies
That I want to hear so badly
I believe you every time
And I can't help it

[Chorus]

Oh, I wanna know
What makes you feel like
You're allowed to treat me so unkindly
Is it just for show?
Why are you hiding all of your true feelings?
Why'd you lead me on?
'Cause I don't know what you're hiding from
Why'd you lead me on?
I don't do this for anyone
Why'd you lead me on?

[Bridge]

I know your game
And I try to play
You got me thinking you're all the same
It's such a shame but you'll never change

[Pre-Chorus]

You open up my eyes
And tell me lies
That I want to hear so badly
I believe you every time
And I can't help it

[Chorus]

Oh, I wanna know
What makes you feel like
You're allowed to treat me so unkindly
Is it just for show?
Why are you hiding all of your true feelings?
Why'd you lead me on?
Why'd you lead me on?
'Cause I don't know what you're hiding from
Why'd you lead me on?
I don't do this for anyone
Why'd you lead me on?
