

Sad boy's anthem

Lous And The Yakuza

I don't want anything
But I can't stop wondering
Why you do the things you do
And somehow I confess
How my loneliness
[?] more, more of you

I've been through it all before us
Darling, I'm afraid to find love
I can never find a reason to be falling for you

I'm in love with the moment
Never felt peace when it's silent
Now I see you up in the morning
I don't need to talk when it's quiet
When I see you up in the morning
I can't help it, I'm smiling
Darling, I'm close from falling
What about you?

For you, I'll try
For you, I'll try
For you, I'll try
And I'll do anything, do anything

You like to ease all your pain
'Cause sometimes you're like a grenade
I don't mind, I'll stand by you through every mood
You can't give me your name
I swear, this ain't a phase
I'm not scared of the end and what the future holds

I've been through it all before us
Darling, I'm afraid to find love
I can never find a reason to be falling for you

I'm in love with the moment
Never felt peace when it's silent
Now I see you up in the morning
I don't need to talk when it's quiet
When I see you up in the morning
I can't help it, I'm smiling
Darling, I'm close from falling
What about you?

Here's a sad boy's anthem
Nobody wanna stay with them
Here's a sad boy's anthem
Nobody wanna stay with them
With them
