

Easy

Love and Theft

It's like sleepin' in on Sunday
It's like second grade math
Ridin' a bike, turnin' on a light
Yeah, it's easy like that
It's like drivin' with the top down, on a Carolina beach
It's your favorite pair of boots, polished and smooth
Like a hundred dollar whiskey
But every time we kiss, I'm amazed how this...

[Chorus:]

Is easy, so easy
Like time flying by on a cool summer night
It's like breathin'
Yeah believe me
Lovin' you is just that easy

It's a deep conversation
Without any words
Baby, you and me
Simple chemistry in a complicated world
No I can't resist, a love like this

[Chorus x2]
