

I'll Find You

Love & The Outcome

When sorrows like sea billows roll
And worry makes waves in my soul
I will draw near
Peace is right here
When shame comes to whisper my name
Accuse me in ten million ways
I will draw near
Grace is right here

Trial to triumph
Over my storm to horizon
All through the battle to break through
I'll find you
I'll find you right here

When trust tells my hands to let go
And faith has to face the unknown
I will draw near
Hope is right here
You're right here

Trial to triumph
Over my storm to horizon
All through the battle to break through
I'll find you
I'll find you right here

Right where I am I lift my hands
I'm not alone
I never have been
Right where I am I lift my hands
I'm not alone
I never have been

All through the trial to triumph
Over my storm to horizon
All through the battle to break through
I'll find you
I'll find you right here
Right here in my trial to triumph
All through my storm and horizon
All through the battle to break through
I'll find you
I'll find you right here

Right where I am I lift my hands
I'm not alone
I never have been
