

## Looking Glass

Love

Like a looking glass girl  
In a miniature world  
Saw you dance like dice  
And tumble to the floor  
Like a looking glass girl  
In a miniature world  
Whirl your Disney arms  
And jump the merry-go-round

The umbrella man is shouting  
We shake his paper hands  
There's mirrors down beneath our feet  
So "let's skate down the street"  
The casino man is laughing

He wears a shivering hat  
We peel away like tinsel  
Stick like splinters to the wall

Like a looking glass girl  
In a miniature world  
She saw you dressed in rags  
In-and-out of a jack-in-a-box  
Because she's a looking glass girl  
In a miniature world  
Whirl your see-saw arms  
And ride the Catherine wheel
