

Love

Lovedrug

Your love is leaving me out of breath
Your love is leaving me out of breath

An honest word completes the picture
Another heart will fan the flame
I feel so tired and out of focus
From the feelings that remain
Baby, don't you feel the same?

Your love is leaving me out of breath
Your love is leaving me out of breath
Your love, love is leaving me out of breath
Your love, love is leaving me out of breath

I'm holding on to complication
A crying game that's never fair
We're pulling cords for an emotion
That is more than just a stare
Baby, don't you feel alone and aware?

Your love is leaving me out of breath
Your love is leaving me out of breath
Your love, love is leaving me out of breath
Your love, love is leaving me out of breath

Your love...
Your love...
Your love...
Your love...

Your love is leaving me out of breath
Your love is leaving me out of breath
Your love, love is leaving me out of breath
Your love, love is leaving me out of breath
