

## Preacher Boy

Lovedrug

You see, I have legs that need to grow  
I gave up everything  
What love?! here's the end of the wire  
A laughing party dies

Hello, I am the sun  
Now tell me it burns  
Hello, to everyone  
Tell me it burns  
Am I pushing the shine on  
Hello, I am the sun  
And baby it's my turn

you say, I'm a bullet on my way  
to meet the china girl  
hey world, get me love or get me out  
my laughing angel shouts
