

Ready or Not

Lovedrug

We are fixing to rumble in the school yard
Where the playing can get hard
So walk this way

I am calling you out, you should be there
You know that we can't share number one
so come out and play

We're gonna get you, yeah we're gonna get you
I got a feeling, we're gonna turn it around
We're gonna get you, yeah, ready or not

We're gonna get you, yeah we're gonna get you
I got a feeling, you can't keep us down
We're gonna get you, yeah ready or not

Are you ready the walk of shame's a cold one
Wouldn't know, haven't had one
I'm gonna put you away

Yeah I'm calling you out, you should be there
You know that we can't share number one
Any day

We're gonna get you, yeah we're gonna get you
I got a feeling, we're gonna turn it around
We're gonna get you, yeah, ready or not

We're gonna get you, yeah we're gonna get you
I got a feeling, you can't keep us down
We're gonna get you, yeah ready or not

We're gonna get you, yeah we're gonna get you
I got a feeling, we're gonna turn it around
We're gonna get you, yeah, ready or not

We're gonna get you, yeah we're gonna get you
I got a feeling, we're gonna turn it around
We're gonna get you, yeah, ready or not

We're gonna get you, yeah we're gonna get you
I got a feeling, you can't keep us down
We're gonna get you, yeah ready or not
