

Rewind

Lovedrug

Life in a golden arcade
Black isn't white, they're the same
Dance like a child in the sun
This life is a game and you've won
Oh

Rewind, relax, re-live my friend
Rewind, relax, re-live again
Rewind, relax, re-live oh yeah
Rewind, relax, re-live my friend

Bathe me in silver and sage
Stare at the sky through the rain
Now dance like a child on the shore
Our wealthiest riches are poor
A sand dollar bill will love you more

Rewind, relax, re-live my friend
Rewind, relax, re-live again
Rewind, relax, re-live oh yeah
Rewind, relax, re-live my friend
