

Star Man

Lovedrug

Count down to the burn and
Leave the ground heavenly

Lift off for the last time
And ascend through the deep

This is the end, for a star man
When you see me again
It will be in your heart

This is the end, for a star crossed lover
When you see me again
I will be in your heart

Spun out past the old waves
Volume's down, let me sleep

Lift off for the last time
Love is all you need beneath

This is the end, for a star man
When you see me again
It will be in your heart

This is the end, for a star crossed lover
When you see me again
I'll be in your heart

This is the end, for a star man
When you see me again
It will be in your heart

This is the end, for a star crossed lover
When you see me again
I will be in your heart

(I will be in your heart...)
