

# Get Out

Lovehammers

Get out get out get out get out get out  
Get out get out get out get out get out

It's the woman leaving your side  
And you try to forget her, find somebody better  
It's the moment changing your life  
And how'd you let this happen, so hard to imagine

Yeah Yeah  
They call it the breakdown  
Yeah Yeah  
They call it the breakdown

You won't let up, you won't let go  
And you're hanging with a bad crowd  
Drinking till you pass out  
Full throttle till the end of the road  
You can't live like this forever

Get out get out get out get out of my mind  
Your ghost lives in the corners of my mind  
Get out get out get out get out of my life  
Your ghost lives in the corners of my mind  
My mind my mind my mind my mind my mind  
Your ghost lives in the corners of my mind

Weeks later back on your feet  
Like a chemical reaction, find a new attraction  
A quick fix, a friend you don't need  
But it's so hard to kick it, got ya something wicked

Yeah Yeah  
They call it the breakdown  
You can't live like this forever

Get out get out get out get out of my mind  
Your ghost lives in the corners of my mind  
Get out get out get out get out of my life  
Your ghost lives in the corners of my mind

It's what you do, not what you say  
That keeps on pushing me away  
It's who you are, the games you play  
I'll be hiding in my mind

Get out get out get out get out of my mind  
Your ghost lives in the corners of my mind  
Get out get out get out get out of my life  
Your ghost lives in the corners of my mind  
Your ghost lives in the corners of my mind  
My mind my mind my mind my mind my mind  
Your ghost lives in the corners of my mind  
Get out get out get out get out of my mind  
Your ghost lives in the corners of my mind  
Get out get out get out get out of my life  
Your ghost lives in the corners of my mind
