

# This Town

## Lovehammers

I live in a hole in the side of the wall  
I live alone I don't care at all  
I live on the other side of the wall

This time I'm not runnin away  
This time I am here to stay  
I guarantee that you'll remember me

We want more  
We want it bad  
We all want  
What we don't have

This town get louder louder  
This town get louder louder  
This town get louder louder now

I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya yeah  
YEAH

I hope that you're not scared of me  
Up in the tree and wearing green  
I hope that you're not scared of me

We scream so loud "let's end the war"  
We scream so loud like never before  
1 2 3 4 WHOA!!!

No time to break  
Or fade away  
I like it  
When you're in my face

This town get louder louder  
This town get louder louder  
This town get louder louder now  
I like it

I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya now

Don't let me down tonight  
Don't let me down tonight tonight  
Don't let me down tonight tonight  
Don't let me down tonight tonight  
Don't let me down tonight tonight  
Don't let me down

This town get louder louder  
This town get louder louder  
This town get louder louder now  
I like it

I wanna hear-ya hear-ya

I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya now  
Come on

This town get louder louder  
This town get louder louder  
This town get louder louder now  
I like it

I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya  
I wanna hear-ya hear-ya now  
YEAH
