

# Wait For No One

Lovehammers

She said this town couldn't hold us  
She said my dreams held me down  
This is no way to live, so I told her  
Don't let the door shut on the way out

Hey, life don't wait for no one  
Hey, life don't wait for you

Now I know how it feels to be so low  
Now I know how it feels to be down  
Had enough of the boredom of lonesome  
She was nowhere to be found

Hey, life don't wait for no one  
Hey, life don't wait for you  
Hey, life don't wait for no one  
Hey, life don't wait for you

Take a trip out into outerspace  
Staring at your face as you slowly slipped away  
Tryna figure out how to pull you in  
But you're too far gone  
You're too far gone  
Too far from home

Hey, life don't wait for no one  
Hey, life don't wait for you  
Hey, life don't wait for no one  
Hey, life don't wait for you
