

## Model Buses

Lovejoy

I'm sure that your heart's in the right place  
I'm sure that you break more than I make  
My mother says you're up your own arse  
Like a stagehand at puppet show  
But, hell, what does she know?  
You're so appealing  
We can barely see your hair receding  
You're a man of few needs  
Little sleep, thoughts are deep  
Sound as good with slurred speech  
As I do when I'm sober

He's always right, you're never right  
Get me out of here  
'Cause you're just scared  
You're just scared of the future  
He's got a bus, he's got a bike  
Get me out of here  
And you're just scared  
You're just scared of the future

I guess this makes you right  
The boys must be lucky that you didn't try out here tonight  
'Cause you're so relieving  
You're like a breath of fresh air on a warm summer evening  
It's up to you, right?  
When deciding the night  
Isn't over but fight just to make sure this song does  
(Wait)

Woo!  
He's always right, you're never right  
Get me out of here  
'Cause you're just scared  
You're just scared of the future  
He's got a bus, he's got a bike  
Get me out of here  
Now you're just scared  
You're just scared of the future

And you're just scared  
You're just scared of the future  
And you're just scared  
You're just scared of the future
