Come a little closer
Just come 1cm closer
Can you feel my heart?
No, you don't

I easily get angry at you
Then it scares me, what if we grow apart?
I think it'll become awkward, you fool

Just promise me one thing

1cm closer
Slowly come into my heart
So my poor heart won't get hurt
Come to me
I wanna hide my shy heart
And walk next to you
Though I still can't say it
I'll confess to you some day

I easily think of you
Then it scares me, what if you disappear?
I wanna see you for a long time, you fool

Just promise me one thing

1cm closer
Slowly come into my heart
So my poor heart won't get hurt
Come to me
I wanna hide my shy heart
And walk next to you
Though I still can't say it
I'll confess to you some day

Sometimes, I wonder if I should go to you first
But then my cheeks just turn red

1cm closer
Slowly come into my heart
So my poor heart won't get hurt
Protect me
I wanna hide my shy heart
And walk next to you forever
Only look at me till the end
I'll honestly confess to you
