When a crazy day comes to an end
Traces of you come find me again
Countless memories in the streets
They're still there

Do you know?
Do you know about my heart?
I'm still the same
Please remember me at least once
So I won't get sad

The night of the first snow
Do you remember me?
I was happy, next to you
It was a white night
Remember me
Don't forget me

I know
I'm a fool
But I'm still waiting
Please remember me at least once
So I won't disappear

The night of the first snow
Do you remember me?
I was happy, next to you
It was a white night
Remember me
Don't forget me

Our memories are fading
With the thought of never seeing you again
I do not think that.
I'll hold onto you
Come back, I'll be standing right here

The first snow is falling
I'm thinking of you
I waited for you for a while
On a white night
Come see me
I'll be waiting only for you
I only wanna wait for you
