Can you listen to me, I hear the small talk
I met someone today and what happened

(It's very easy)
Just listening to me is enough
(It's very easy)
All you have to do is take my side

What's so hard about that?
Why are you so serious all the time?
What's so annoying about that?
You never listen till the end
Did anyone ask you to solve everything?
It's not like that
Just close your mouth and listen
Listen to me - that's it

When I'm having a hard time, where are you?

You say this quite easily, but guys are different
The moment they listen, they worry

(Don't make excuses)
You listen to others so well
(Don't make excuses)
You're only coldhearted to me

What's so hard about that?
Why are you so serious all the time?
What's so annoying about that?
You never listen till the end
Did anyone ask you to solve everything?
It's not like that
Just close your mouth and listen
Listen to me - that's it

We're close, but you're no better than a stranger
Put yourself in my shoes
Why can't you think about how I feel?

You can't at least do that, you jerk?
Are my expectations too big?
You can't at least do that, you bad person?
You should at least pretend to care
Try caring as half as much you do others
I wouldn't say anything
You're so heartless
I hate you, I hate you

When I have no where else to lean but you
