Yo I just wanna show you the real me
Now listen

Where are you right now?
My heart is here and there, scattered and dizzy
But my head is in your direction
It's just my heart that I can't control

How dare you're so cool
So make me cry
Don't try to understand me right now

How dare you're so cool
It will make you cry
Hold me before it's too late (Yeah)
(Yeah)

That's how the world works
It's not only about what can be seen (that's not all)
I try telling myself to comfort my heart
But the only thing that washes over me is how sorry I feel (I'm sorry)

Do you really not know me?
I'm not as innocent as you think I am
Sometimes, I think bad thoughts
I just don't show it

How dare you're so cool
So make me cry
Don't always treat me so nicely

How dare you're so cool
It will make you cry
Sometimes, I get frustrated (Yeah)
(Yeah)

That's how the world works
It's not only about what can be seen (that's not all)
I try telling myself to comfort my heart
But the only thing that washes over me is how sorry I feel (I'm sorry)

In the end, this is how you grow up
We're not kids anymore (not kids anymore)
Don't be innocent and lose me
Show me your heart too (show me)

How dare you're so cool
Come to me
Dig into me so there's no time to be bored
I believe things are different from before
Show me your worth
Put away the awkward laughter
And the expressions that follow

Now the heart fluttering feelings will make me smile
A big fluttering feeling that you gave to me
Gain no pain, no more, never again

Let's fly on a cloud
With wings of dreams
Let's ride the wind
You're no fun, there's no meaning
Only foolish days are passing
No more sad days
A miracle will happen in my dream
