

## Crack of the Whip

Loverboy

Lights go down, I'm ready for the main event  
I can't wait, you know I wanna hear it again and again  
City streets, I gotta make my getaway  
Daylight breaks, I'm headin' for the highway

I'm no slave to passion, I don't care what you say  
And you, you're the main attraction  
I wouldn't have it any other way

At the crack of the whip, ain't no chains on me  
At the crack of the whip, I'll be history

Face to face, maybe we can talk tomorrow  
All alone, payin' for the love you borrowed  
Set me up, I'm nobody else's fool  
Love's no crime, until you go and break the rules

I'm no slave to passion, I don't care what you say  
And you, you're the main attraction  
I wouldn't have it any other way

At the crack of the whip, there ain't no chains on me  
At the crack of the whip, I'll be history

I'm no slave to passion, I don't care what you say  
And you, you're the main attraction  
I wouldn't have it any other way

At the crack of the whip, there ain't no chains on me  
At the crack of the whip, I'll be history  
At the crack of the whip, well ain't no chains on me baby  
At the crack of the whip, well I'll be history

I'm ready for the main event  
You know I wanna hear it again and again...
