

So Much For Love

Loverboy

I believed we'd find a place to meet
We took a wrong turn, down a one-way street
I looked around
I knew that trouble was brewin'
We were heading down, The road to ruin

R:

So much time on my hands
So much freedom at last
What the hell was I thinking of?
So much for love.

It's harder for some
Than it is for others
If we can't be friends
How can we be lovers?
I look at you, maybe you can explain
The things we shared faded away

R:

You rained on my parade
You lied right to my face
Now that I know the score
I feel better than I have in days

So much for love
What the hell was I thinking of?
So much for love.

Open the gates and let the water fall
And let it all come down
You underestimate me, that's your call
I guess I'll see you around

R:

Oh I shoulda seen it comin' now
And read the thunder clouds
But now the lightning strikes
And knocks your power down

R:
