

Action

Lovex

Come bring it on I'm ready for action
I will not revert
and I stand my ground
I'm not messing around
'cause the time has come to rise to the call,
break down the wall
I won't back down
I bow to no crown

Oh my god
I never knew what is true
I believed what they told me to
oh my god
but now I know, yeah I know
and I'm telling you it's fire in the hole

Action, action
come bring it on now
action, action
it's a Revolution
action, action
come bring it on
I'm on a mission

Go ahead, go ahead
and make my day
just don't cross my way
'cause I'm here to stay
I won't escape, too much at stake
I've seen the offer but have to refuse
I've paid my dues
have you heard the news
I'll fight for my views

I stand my ground
I have a licence to live
licence for my will
and I'm never giving in

I won't back down
I have a licence to live
licence for my will
and I'm never giving in
