

# Blue Eyes

Low Roar

Baby quit looking at me  
With those god damn blue eyes  
I'm down on my knees  
Giving all that can please my blue eyes

My home is a wreck  
But my life feels the best seen through blue eyes  
I won't be here for long  
But I'll see ya in the next my blue eyes

I won't be here for long  
But I'll see ya in the next my blue eyes
