

Double Trouble

Low Roar

Trucking
It's how the story goes
Keep trucking
It's not where you plant it
It's just how it grows
Just where it belongs

Trucking
What's in it for me
A mind full of wonder
That no-one else can see
A mind full of wonder
All my curiosity

How's your day
Moving on
And how do you feel
About your past

Don't let it
Anchor you down
We're all in the same fucking shit-boat

I won't judge
So don't judge
It's just the way the cookie crumbles

You've got nothing
Left to prove
It's all a big lie
To keep you in check
You're all they really wanted
Easily forgotten
Easily arranged

So carry on
Carry on
Carry on
Carry on
Carry on
Carry on

Carry on
