

## Estella

Low Roar

Stella, how's your day been?  
Is the house OK? Is the grass still forest-green?  
Oh, Stella, life's a movie  
Is the secret waiting behind every scene?

Tell the kids I love them and I'm sorry  
Not a day goes by where I wonder if they miss me

I watch you from above gently smiling  
I'll see you again in this never-ending sleep
