

Feel Like Dying

Low Roar

Babe, I feel like dying
I want you to know
I want to come home
Babe, what's this before me?
I am dying to know
Will you let me come home?

Babe, I feel like dying
I am dying to know
Will you let me come home?
Babe, what's this before me?
I want you to know
I want to come home

All the pictures on the wall
Keep me reminded of it all
Even after morning has come and gone
