

# I'll Keep Coming

Low Roar

Faintly I'll go  
To take this head on

Soon I'll come around  
Lost and never found  
Waiting for my words  
Seen but never heard  
Buried underground  
But I'll keep coming

Wipe those tears off  
And make your heart proud

Soon I'll come around  
Lost and never found  
Waiting for my words  
Seen but never heard  
Buried underground  
But I'll keep coming

I'll keep coming
