

## Two Worlds Apart

Low Roar

My love I'm sinking  
Patiently waiting  
On you and I  
We're two worlds apart

My faith is wavering  
I'm constantly saying  
Come, come back down

Stand in line  
Shake your hand  
Stand in line  
Say please

We'll do our best now  
Just to fulfill love  
You did, did need

Next, next, next, next, next, next, next, next

My love I'm sinking  
Patiently waiting  
On you and I  
We're two worlds apart
