Ondine

Lower Dens

I think you'll understand
The way I feel can't be helped
You owe them nothing

It's time to walk away and leave this behind
Let go

I will treat you better
I will treat you better
I will treat you better
I'll treat you better

Hold on
Hold on

You can hold on as long as you know
You are leaving
You are leaving

I will treat you better
I will treat you better
I will treat you better
I'll treat you better

Hold, Hold on
Oh my love
