

## Your Heart Still Beating

Lower Dens

Long looks and slow moving lights on the ceiling  
And I swore again and again  
Never again  
Never again

All of my fears  
Coming to life  
All of my time  
Wanting you near  
At my side

Your heart is still beating in all of my dreams  
And I swore again and again  
Never again  
Never again

All of my fears  
Coming to life  
All of my time  
Wanting you near  
At my side
