

Down With The Kids

Lower Than Atlantis

Lately I've noticed things have changed in this town,
They aint the same as they used to be and it really fucking brings me down.

I go to shows to watch the bands, I stand at the back with a drink in my hand,
But I'm standing stage left on my own because all the kids are at home.

Go tell them all that music's cool or am I old skool?
Back in the day things were different, now it's a different scene,
and it will be different again.

Lately I've noticed things have changed in this town,
They aint the same as they used to be and it really fucking brings me down.
Hardcore dance? Well you can wear my size 12 Nike up your hardcore arse!
Being tattooed and bald don't mean you're cool

Tone, where have you gone?
