

# Long Time Coming

Lower Than Atlantis

Look down from the high clouds at the ground below  
When you hit the top, big drop, vertigo, on your way to go  
So, sing while you're winning  
Sing while you're winning  
'Cause you know that it won't last  
You'll be forgotten in the past

Who are you?  
Who are you?  
You want it, come get it  
Who are you?  
Who are you?  
I made it, you faked it

Go away  
It's been a long time coming along  
Just give it away, no way  
It's been a long time coming along  
Just give it away

Slow burn, I won't wait my turn and bide my time  
Time wasters, they will never learn  
That fools like you are a dozen for a dime  
And you know that it won't last  
You'll be forgotten in the past

Who are you?  
Who are you?  
You want it, come get it  
Who are you?  
Who are you?  
I made it, you faked it

Go away  
It's been a long time coming along  
Just give it away, no way  
It's been a long time coming along  
Just give it away

I've been waiting for good things to come my way  
I heard the good things come to those who wait  
And lately I've been waiting patiently  
Who are you?  
Who are you?  
I made it, you faked it

Go away  
It's been a long time coming along  
Just give it away, no way  
It's been a long time coming along  
Just give it away, away  
(Who are you? Who are you?)  
It's been a long time coming along  
Just give it away, no way  
(Who are you? Who are you?)  
It's been a long time coming along  
Just give it away
