

Burn It Down

LP

Why do I
Turn back oh, 'cause you want me?
Turn back oh, 'cause you love me?
Come back, you say you need me
Know that, that's when you got me
Turning 'round
I just keep turning 'round
I got to burn it down
I got to burn it down

Girl it's so bad the way you come at me
So mad that's how you attract me
Cold fact your beauty's my back beat
Own that
That's when you got me
Turning 'round
I just keep turning 'round
I got to burn it down
I got to burn it down

But we go on
Yeah we go on
Yeah we go on and on and on and on
Yeah we go on
That's how you got me

So let's go back
Back when you lost me
Go back, all that it cost me
Throwback, oh you're so lovely
Know that, that's when you got me
Turning 'round
I feel it turning 'round
I got to burn it down
I got to burn it down

But we go on
Yeah we go on
Yeah we go on and on and on and on
Yeah we go on
That's how you got me

That's how you got me
