

## Death Valley

LP

Dying's so rock and roll  
Stretching out into forever  
I said I don't know  
Could anybody even survive it?

Oooooo-oh-oh  
She said we're never gonna die  
Wait, wait, wait, woo-hoo-who  
She said we're never gonna die  
Wait, wait, wait

The leather seats are gettin'  
Hotter by the minute  
I can't believe we could take it  
She taps her feet, and then she  
Just spits a melody out  
I used to love it till it killed me

Oooooo-oh-oh  
She said we're never gonna die  
Wait, wait, wait, woo-hoo-who  
Oooooo-oh-oh  
She said we're never gonna die

Sang twenty songs on rotation  
You know that everything goes bad on occasion  
Take me away on vacation  
So I barely even know that you're fakin'  
O-oh, tell me the war was it for  
O-oh, baby this year [?]  
Woo-hoo-who  
Woo-hoo-who

She said we're never gonna die  
Wait, wait, wait, woo-hoo-who  
Oooooo-oh-oh  
She said we're never gonna die  
Wait, wait, wait, woo-hoo-who  
Oooooo-oh-oh  
She said we're never gonna die  
Wait, wait, wait, woo-hoo-who  
Oooooo-oh-oh  
She said we're never gonna die  
Wait, wait, wait
