

# Hey Nice to Know Ya

LP

It's been long, long drawn  
Got my heart broke in the car  
Parked outside the minibar  
Oh whoa, lord  
It took me months to lose the pain  
Now, I only take the train  
Oh woah, yeah, yeah

It's been dark, so dark  
I saw that dress you used to wear  
In a picture on his chair  
Oh, whoa, man  
That one time I saw his face  
I knew he'd try to take my place  
Oh woah, yeah yeah

Hey, nice to know ya  
Hey, nice to know ya  
Hey, nice to know ya  
Hey, nice to know ya

Should've been a martyr  
Not a firestarter  
Burnin' down the circus  
Don't know how to work this out  
(Hey, nice to know ya, hey, nice to know ya)  
Started out a novice  
Finished like an artist  
Crashin' like a party  
Cryin' in the lobby, oh  
(Hey, nice to know ya, hey, nice to know ya)

It's be hard, so hard to know  
You're out there on the street  
I could only hope we meet  
Oh, oh my  
It's a bird's walk to be sure  
Will they ever find a cure?

Oh, whoa, yeah, yeah  
Whoa (Hey, nice to know ya, hey, nice to know ya)  
Yeah (Hey, nice to know ya, hey, nice to know ya)  
Hey, nice to know ya  
Hey, nice to know ya (woo woo)  
Hey, nice to know ya  
Hey, nice to know ya  
Whoa (Hey, nice to know ya, hey, nice to know ya)  
Yeah (Hey, nice to know ya, hey, nice to know ya)  
Whoa (Hey, nice to know ya, hey, nice to know ya)  
Yeah (Hey, nice to know ya, hey, nice to know ya)

Should've been a martyr  
Not a firestarter  
Burnin' down the circus  
Don't know how to work this out  
Started out a novice  
Finished like an artist

Crashin' like a party  
Cryin' in the lobby, oh  
You know it's been hard
