

# Levigator

LP

Baby I'd be lost today  
Like some wreckage from a hurricane  
Castaway  
A castaway  
You went and put me on a bigger stage  
Made me want to go and live again  
Not afraid  
I'm not afraid

Wooo-ooo-oo  
I'd give it all to youuu-oo-o  
It's in the way you love me  
Love me baby  
You lift me up and levitate me  
Save me  
Wooo-ooo-oo  
I'd give it all to youuu-oo-o  
Cause everytime you touch me  
Yeah it takes me  
To another world  
You elevate me  
Levigator, Levigator  
You're my Levigator  
Levigator

Like the legend of a pot of gold  
A rainbow led me to your soul  
Gold  
All I can hold  
You bring me to a higher place  
Leave me in a state of grace  
Home  
You take me home

Wooo-ooo-oo  
I'd give it all to youuu-oo-o  
It's in the way you love me  
Love me baby  
You lift me up and levitate me  
Save me  
Wooo-ooo-oo  
I'd give it all to youuu-oo-o  
Cause everytime you touch me  
Yeah it takes me  
To another world  
You elevate me  
Levigator, Levigator  
You're my Levigator  
Levigator

Wooo-ooo-oo  
I'd give it all to youuu-oo-o  
It's in the way you love me  
Love me baby  
You lift me up and levitate me  
Save me  
Wooo-ooo-oo

I'd give it all to youuu-oo-o  
Cause everytime you touch me  
Yeah it takes me  
To another world  
You elevate me  
Levigator, Levigator  
You're my Levigator  
Levigator  
Levigator, Levigator  
You're my Levigator
