

# Nowhere

LP

Sick of it all  
I'm sayin' I'm sorry  
Can't we escape for one more day  
When memories fail I got a photograph smile  
I'm making it last for one more day  
Hear all the laughter fading away  
It's here in my head for one more day  
Lying awake I lie to myself we're holding on for one more day  
So leave me behind  
Don't leave me behind

I'm goin' nowhere  
I can't decide what's best for you  
You're waiting somewhere  
I wish that I could go there too  
But I'm gonna wait for you

I heard a song while I was driving away  
It brought it all back for one more day  
Here comes the sun  
Baby nobody knows maybe we'll make it one more day  
So leave me behind  
Don't leave me behind

I'm goin' nowhere  
I can't decide what's best for you  
You're waiting somewhere  
I wish that I could go there too  
But I'm gonna wait for you

Leavin' me behind was always understood  
You've got to take your time in the sun  
Said you gotta go when flowers turn to snow  
The river's gotta flow  
You got where you have to go
