Wanted

Being a lover can be such a waste of time  
Wooo, say now  
You're in trouble  
When there's one that kinda blows your mind  
Woooo

When you go and catch their eye  
They think you're a liar  
When you don't then they say goodbye for a while  
It's just a job cause you know they want to chase  
Don't be slob cause there's one to jump in your place

Here we wanted  
Not like by the police  
Wanted  
Something a little more sexy  
Wanted  
Why you wanna play so hard to get

Wanted  
Love can be so lonely  
Wanted  
They say you're the one and only  
Wanted  
Why you wanna play so hard to get

They wanna be discovered  
But they're still so undercover  
It's a struggle every day and night  
It's a no, then a yes  
They're want you to guess  
And no disrespect  
But I give it a rest

Here we wanted  
Not like by the police  
Wanted  
Something a little more sexy  
Wanted  
Why you wanna play so hard to get

Wanted  
Love can be so lonely  
Wanted  
They say you're the one and only  
Wanted  
Why you wanna play so hard to get

Ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh  
Ooh, ooh, ooh, ooh

Don't be afraid to jump in the fire  
You bring the wood and I'll bring the light up  
Don't pull your tail I know you're a tiger  
Just let me be the one you desire

Ooh, let me love  
Ooh, let me love
