

Sometimes

L'Rain

Sometimes in the middle of night I hear you call to me
Go out to me now
Though I don't know how
Why, I don't know how
Boy, I don't know how

Sometimes in the middle of night I hear you call to me
Go out to me now
Though I don't know how
Why, I don't know how
Boy, I don't know how

Sometimes in the middle of night I hear you call to me
I don't know how
Boy, I can't know how
Why, I don't know how
Boy, I can't know how

Sometimes in the middle of night I hear you call to me
Go out to me now
Though I don't know how
Why, I don't know how
Boy, I don't know how
