Damn, son tell me what you want to do
Your mother's buried under life's debris

Damn, son tell me what you want to do (About me)
Your mother's buried under life's debris (Sorry)
We'll spit like swallows if you want it too (Tell me)
Poison drifting out of me into you (Inside of me)

Ooh, Heaven
Ooh, Heaven
Ooh, Heaven
Ooh, Heav...

Damn, son tell me what you want to do (About me)
Your mother's buried under life's debris
We'll spit like swallows if you want it too (Tell me)
Poison drifting out of me into you (Inside of me)

Heaven
When I found my bleak future (Heaven)
Before I was fully nurtured (Heaven)
Past, present, future, hybrid creatures (Heaven)
Doesn't matter if they're real (Heaven), I fear they're real

Ooh, Heaven
Ooh, Heaven
Ooh, Heaven
Ooh, Heaven
Ooh, Heaven
Ooh, Heaven
