

# Like Forever

L.S. Dunes

I saw it break  
Cut through the other side  
Wide awake  
Lost the vision  
Lost his sight  
There's nothing anyone can do to change your mind

If you get high again  
Spinning off a giant rote  
Never knowing what it is  
Dream of going after it  
The consequence  
I tried to keep it hidden  
Keep your eyes to yourself  
The common threat  
Dilate to keep it simple  
You can't deny what you're fed

Go through it all at once  
(You've got no witness to your photograph)  
Tap dancing on the edge  
(You've got to seal the code in 5G tied)  
Go through it all at once  
They've got no way to prove that it was me  
(Don't think to save)

Our light will lead fair  
Arriving after the veiled affair  
On everybody's unvaccinated lungs

The common thread  
Dilate to keep it simple  
You better watch where you shit

Go through it all at once  
(You've got no witness to your photograph)  
Try dancing on the edge  
(You've got to seal the code in 5G tied)  
Go through it all at once  
(You've got no way to prove that it was me)  
Don't think to serve

You say it best when you say nothing at all  
When you say nothing at all  
When you say nothing at all  
(Go through it all at once)  
You say it best when you say nothing at all  
When you say nothing at all  
When you say nothing at all  
(Go through it all at once)  
You say it best when you say nothing at all  
When you say nothing at all  
When you say nothing at all  
(Go through it all at once)
