

# Don't Stop Loving Me Now

L.T.D.

Hey there, lady love  
What's on your mind  
You've given me a love that's true  
That I can't deny  
It's been rough I know  
Hard times and all  
Your love has found a new  
And now I'm losing you  
I can't live without ya  
Oh, I  
I'd waste away in a single day

I was made to love you  
Like honey to a bee  
You were made for me  
Don't stop loving me now  
Don't stop loving this heart of mine  
Don't stop loving me now  
Don't, don't stop, don't stop your love  
Don't pull your love out on me  
Don't stop, don't stop your love

Hey there, honey bee  
Can this be real?  
I never thought I'd see the day  
When I'd have to kneel  
Won't you change your mind?  
Give love a chance  
I only want to be with you  
Say you feel it too  
I, I can't live without you  
Oh, I  
I'd waste away in a single day

I was made to love you  
Like honey to a bee  
You were made for me  
Don't stop loving me now  
Don't stop loving this heart of mine  
Don't stop loving me now  
Don't, don't stop, don't stop it  
Don't pull your love out on me
