

## Feel It

L.T.D.

You make me feel so good inside  
I feel so glad, so glad to be alive  
You make me feel good  
Feel it, feel it when I'm with you  
Feel it, feel it when I'm not, oh, baby  
Feel it, sure do make me feel good  
Feel it, feel it in my heart

Feelings like these cannot be bought or paid for  
They must, they must be the real thing, yeah  
Feelings we share so good, so rare, yeah  
They will last, they will last a million years

You make me feel good  
You make me so alive, baby  
Don't want to say it too much  
Don't want it to sound like jive  
You make me feel good  
Feel it, feel it when I'm with you, yeah  
Feel it, feel it when I'm not, oh, baby  
Feel it, sure do make me feel good  
Feel it, feel it in my heart

Feelings like these cannot be bought or paid for  
They must, they must be the real thing, yeah  
The feelings we share so good, so rare  
They will last, they will last a million years

Feel good

You make me feel good  
You make me so alive, baby  
Don't want to say it too much  
Don't want it to sound like jive  
You make me feel good  
Feel it, feel it when I'm with you, yeah  
Feel it, feel it when I'm not, oh, baby  
Feel it, sure do make me feel good  
Feel it, feel it in my heart...
