

One On One

L.T.D.

All I need is you and me and we'll be one on one
All I need is you and me and we'll be one on one

One on one, my kinda lovin'
I prefer you all to myself
Lovin' you is all that I need, girl
I don't ever have to love nobody else
Just you and me

All I need is you and me and we'll be one on one
All I need is you and me and we'll be one on one

One on one, my kind lovin'
And I prefer to love only you
You are all that one man could ask for
And I need all of your lovin', yes I do
Just you and me

All I need is you and me and we'll be one on one
All I need is you and me and we'll be one on one
Hey, hey, hey, hey, yeah

Just you and me
Just you and me
Just you and me will be

One on one, my kinda lovin'
That's the way always it will be
Let us give one hundred percent now
And together we will live eternally
Just you and me

All I need is you and me and we'll be one on one
All I need is you and me and we'll be one on one
Hey, hey, hey, hey, yeah

Just you and me
Just you and me
Just you and me will be

One on one, my kind lovin'
Trust in me like I trust in you
Come to me with all of your problems
And with all my problems, I will come to you
Just you and me

All I need is you and me and we'll be one on one
All I need is you and me and we'll be one on one
Hey, hey, yeah
All I need is you and me and we'll be one on one
Mmm...
All I need is you and me and we'll be one on one
Yeah

One on one
One on one

Yeah, alright
Oh-oh, hey-hey-hey
Oh, soon we're gonna be one on one
Hey, hey, hey, hey, hey, hey
One on one, one on one, one on one, yeah

Just you and me
Just you and me
Just you and me eternally

One on one, my kinda lovin'
And I prefer you all to myself
Lovin' you is all that I need, girl
I don't ever have to love nobody else
Just you and me

All I need is you and me and we'll be one on one
Oh, yeah, yeah, yeah
All I need is you and me and we'll be one on one
Yeah

One on one
Said we're gonna be
Said we're gonna be one on one, yeah

One on one, my kind lovin'
And I prefer to love only you
You are all that one man could ask for
And I need all of your lovin', yes I do
Just you and me

All I need is you and me and we'll be one on one
All I need is you and me and we'll be one on one...
