

You Fooled Me

L.T.D.

You know you fooled me
Put good things on my mind
Got me feeling free
Is you fooled me
Put good things on my mind
Gave your love to me
Figured it was like the others
Didn't expect to go any further
Just knew it couldn't last
Guess I was living in the past

You know you fooled me
Put good things on my mind
Got me feeling free

You fooled me
Put good things on my mind
Gave your love to me

At first you seemed out of reach
And I was getting nowhere fast
And it occurred to me
Lady you might be out of my class

You know you fooled me
Put good things on my mind
Got me feeling free

You fooled me
Put good things on my mind
Gave your love to me

You know you fooled me
Put good things on my mind
Got me feeling free

You fooled me
Put good things on my mind
Gave your love to me

You had me wondering
If you really cared
Like torture not knowing
So glad the feeling's there

You fooled me
Put good things on my mind
Got me feeling free

You fooled me
Put good things on my mind
Gave your love to me
